

Brand Owner / Head Office → Franchise Management Module

System Walkthrough, Architectural Specification & Implementation Traceability Matrix

Executive Architectural Summary: The Brand Owner Franchise Module provides multi-city oversight across 12 registered franchise partners, 18 operational salons, statutory legal agreements, and 10% gross turnover royalty accruals (₹8.65L). In strict compliance with SaaS architectural boundaries, day-to-day operational execution resides in the separate *Franchise / Partner Panel*, while ledger accounting and payment transactions link directly to the *Finance Panel*.

1. Official PRD Traceability Matrix

Mapping all official product requirements to their concrete implementation within the codebase:

PRD REQUIREMENT ID	FEATURE NAME	PRODUCT REQUIREMENT DESCRIPTION	IMPLEMENTATION DETAILS IN CODE
SALO-PRD-071	Franchise Executive Dashboard	Centralized KPIs for partners, outlets, revenue, royalty, and pending approvals.	Franchise0verviewTab.tsx: 8 KPI cards, territory distribution bars, partner ranking, and alerts escalation desk.
SALO-PRD-072	Franchise Partner Register	Master ledger of franchise entities, contact persons, territory, and outlet custody.	FranchisePartnersTab.tsx: Searchable multi-column table with status badges and quick action controls.
SALO-PRD-073	Partner Registration Modal	Frontend modal form for basic information, business parameters, and royalty rates.	FranchisePartnersTab.tsx: Portaled modal (z-[9999]) with dual-section form and live preview summary.
SALO-PRD-074	Partner Profile Dossier	Detailed inspection modal with summary KPIs, leadership contact, and outlets sub-table.	FranchisePartnersTab.tsx: Profile modal with 5 summary cards, registered address, and branch custody ledger.
SALO-PRD-075	Franchise Outlets Directory	Centralized multi-branch listing with managers, open dates, and gross GMV turnover.	FranchiseLocationsTab.tsx: Outlets table with branch managers, operational status, and settlement states.
SALO-PRD-076	Franchise Location Dossier	Detailed outlet profile with footfall velocity, top service ritual, and ticket size.	FranchiseLocationsTab.tsx: Outlet dossier modal with stylist crew metrics and Finance Panel settlement handoff.
SALO-PRD-077	Agreements & Governance	Contractual terms, legal models (FOFO/FOCO), start/end tenures, and renewal dates.	AgreementsComplianceTab.tsx: Contracts master ledger with renewal triggers and multi-stage lifecycle timelines.
SALO-PRD-078	Statutory Compliance Matrix	Live monitoring of GST certificates, Trade Licenses, Fire NOCs, and Insurance.	AgreementsComplianceTab.tsx: Sub-view tracking document references, expiry countdowns, and renewal notices.
SALO-PRD-079	Royalty & Commission Ledger	Monitoring interface for 10% royalty accruals, marketing fund levies, and status.	CommissionsRoyaltiesTab.tsx: Master billing ledger with 5 KPI cards and finance reference IDs.
SALO-PRD-080	Royalty Calculation Breakdown	Detailed mathematical computation showing services GMV, retail GMV, and net fee.	CommissionsRoyaltiesTab.tsx: Calculation breakdown modal with direct handoff button to Finance Panel.

PRD REQUIREMENT ID	FEATURE NAME	PRODUCT REQUIREMENT DESCRIPTION	IMPLEMENTATION DETAILS IN CODE
SALO-PRD-081	Franchise Intelligence Reports	Multi-category reports (Partner, Location, Agreement, Royalty) with exports.	FranchiseReportsTab.tsx: Template switcher, live preview canvas, and multi-format CSV, Excel, and PDF exports.
SALO-PRD-082	Governance Escalation Alerts	Real-time notifications for expiring agreements, pending approvals, and overdue fees.	Franchise0verviewTab.tsx: Alert cards with severity levels (Low, Medium, High, Critical) and 1-click tab routing.

2. Business Rationale & Why We Implemented Everything

A detailed rationale explaining the commercial need and architectural choices for each capability:

1. Why Centralized Overview with 8 Core KPIs? Brand Owners managing 18 franchise outlets across 6 cities need immediate visibility into network velocity, active entity health, and brand royalty accrual without logging into individual partner portals.	2. Why Dual-Section Partner Registration Form? Separating partner basic identity (contact lead, email, phone) from commercial terms (authorized outlets, royalty model, agreement dates) ensures clean enterprise entity creation and contract compliance.
3. Why Independent Franchise Locations Directory? Multi-unit partners (e.g. Apex Wellness LLP) operate 3 distinct outlets. Having a dedicated location registry allows individual branch footfall, manager tracking, and revenue benchmarking.	4. Why Dedicated Statutory Compliance Matrix? Operating a salon brand requires stringent adherence to municipal trade licenses, Fire NOCs, and public liability policies. Lapses present existential brand risk; automated tracking prevents compliance default.
5. Why Read-Oriented Royalty Ledger with Finance Links? Prevents redundant dual-accounting systems. Head Office monitors brand fee computations in Franchise, while actual bank disbursements and GST filing remain in the specialized Finance Panel.	6. Why 4 Distinct Report Categories with Live Canvas? Executive stakeholders need tailored views: legal teams require Agreement Audits, operations require Location Growth, and CFOs require Partner-wise Royalty statements in CSV/Excel/PDF.

3. UI Architecture & Page Navigation Flow

The Franchise module is structured under a unified responsive master container with persistent sub-navigation:

- **Franchise Overview (/franchise?tab=overview):** 8 KPI metric cards, regional revenue split, top partner leaderboard, and governance alert cards.
- **Franchise Partners (/franchise?tab=partners):** Entity registry, search & region filters, Create Partner modal, and Partner Profile Dossier.
- **Franchise Locations (/franchise?tab=locations):** Multi-branch directory, branch manager contacts, and Outlet Dossier with service performance.
- **Agreements & Compliance (/franchise?tab=agreements):** Sub-tab toggle between Legal Contracts Ledger and Statutory Compliance Matrix.
- **Commissions & Royalties (/franchise?tab=royalties):** 5 financial KPIs, billing voucher ledger, and math computation dossier modal.
- **Franchise Reports (/franchise?tab=reports):** Category selector (Partner, Location, Agreement, Commission), parameter customizers, and live table preview.
